

Inheritance Tax

The government has announced that HMRC collected a record sum of £5.4 billion in inheritance tax (IHT) during the 2018/19 tax year. The increase comes on the back of a 15% rise in the number of estates liable for IHT.

There is no need for anyone to pay excess Inheritance Tax!

Join the Aspen Waite team for a seminar which will be hosted by Julie Kingham CTA, our resident IHT and Tax Specialist.

Julie will be talking about when an IHT charge applies (which is not necessarily on death) and how to minimise your IHT exposure.

“Minimising your IHT liability”

Is a free seminar, hosted by Aspen Waite South and will be taking place on **Monday 18th November** from **4pm to 5:30pm**
